

Clinical Chemistry and Urinalysis

I. **Hours of Operation:**
24 Hours/Day, Seven Days/Week

II. **Contact Section:**
449-4929

III. **STAT Testing:**

A number of tests in the alphabetical test list are available 24 hours/7days a week without approval of the Director or Pathologist on call. For approval of other STATs or questions about tests in general, call 449-4929 and ask to speak to the Director or Pathology Resident. After hours, the Medical Technologist who answers the telephone will place the appropriate pages.

IV. **Referred Tests:**

The Pathology Laboratory also processes a number of specimens that must be referred to other laboratories. If you wish to order a test that is not listed in this manual, please call the Chemistry Laboratory for further information. If the laboratory to which we usually send a referred test is not satisfactory to you for any reason, please contact the Director of Chemistry.
