

RHOGAM[®]
Rho(D) immune globulin

Effective January 1, 2009, Creighton Medical Laboratories will no longer dispense Rhogam[®] (Rho(D) immune globulin). CML will continue to do prenatal testing and will direct the quantity to be administered but Rhogam[®] is a medicine that should properly be dispensed from a pharmacy.

Please forward this to appropriate staff members within your facility. If you have any questions, please contact CML at (402) 280-4382.

Creighton Medical Laboratories is proud to be your partner in providing effective and timely health care.
